Option 1:

We're excited to work with Tractor Supply and Starlink on a new initiative to bring fast, affordable internet access to rural America while supporting @4-H youth.

From Sept. 1 – Nov. 1, for every Starlink Kit purchased and registered at Tractor Supply, the first month's subscription will support 4-H.

Together, we're helping equip young people with the confidence, leadership, and digital skills they need to succeed in an increasingly connected world.

Option 2:

Through a new initiative with Tractor Supply and Starlink, you can help support 4-H'ers and provide more access to opportunity.

From Sept. 1 – Nov. 1, for every Starlink Kit purchased and registered at Tractor Supply, the first month's subscription will support 4-H.

Reliable internet access opens doors to learning, leadership, career exploration, and connection – especially in rural communities. Together, we're building a future where every young person can be Beyond Ready.
