Helping Youth Thrive Through Conversations that Connect

The 4-H Thriving Model shows how 4-H helps young people grow and thrive, beginning with making sure we have the right ingredients in our programs.
These ingredients ensure that 4-H programs are a place where youth can:

- Identify and explore their spark
- Form developmental relationships
- Experience a sense of belonging
- Be engaged and active in learning

4-H also helps youth thrive through learning and engagement activities that help youth develop important social, emotional, cognitive and behavioral attitudes and skills that help prepare them for life-long success and wellbeing. These skills are summarized in the seven thriving indicators of the 4-H Thriving Model.

- Being open to challenge and discover
- A transcendent awareness of oneself situated in a bigger reality
- A growth mindset
- Positive emotional regulation
- A pro-social orientation
- Self-regulation, especially through goal setting and management
- A hopeful purpose

The 4-H Thriving Model shows us what to do in 4-H to ensure positive youth development happens, but sometimes we are unsure how to get started. The first step always begins with ensuring that a young person feels welcome, included and that they belong in 4-H. One of the best ways to do this is to spend some time getting to know other youth and leaders in the program through conversation!

Conversations, even short ones, if they are a regular part of 4-H, can help young people connect to others and build a sense of belonging. Conversations can also help young people learn and develop those important life skills that help them thrive! The Meet Up and Buddy Up quick connection cards developed by National University and Harmony Social & Emotional are a great tool to get you started.
Using the Cards to Help Youth Thrive

Each of the cards has been stamped with one or more of the elements of the 4-H Thriving Model. You can choose any card that matches an element of the model you want to enhance.

For example, the Body Alphabet collaboration card to the near right is stamped with three icons showing that using the card will increase collaboration skills, encourage youth to reach a goal, and contribute to a sense of belonging.

Likewise, the Keep It Up card to the far right is stamped with three icons that show using the card will increase collaboration, develop pro-social skills and ensure youth feel that they belong.

Using the Cards in 4-H Programs

The connect cards are useful for increasing positive youth development in a variety of 4-H settings. The cards can be used as icebreakers to start 4-H club and other meetings. Camp counselors and staff can use the cards to build community and increase thriving at camp. The cards can even be used in volunteer and staff training to help them learn about the 4-H Thriving Model and positive youth development, and give them a tool they can use right away in their 4-H programs.

These cards were developed by Harmony SEL specifically for use in 4-H. The deck contains two types of cards:

- Meet-Up Cards – designed to help youth and adults meet and get to know each other.
- Buddy Up cards – designed to help youth learn to work together, collaborate, and develop strong communication and interpersonal skills.

The following pages describe the cards and give detailed instructions for putting the cards to use in your 4-H program.
MEET UP and BUDDY UP

Quick Connections for Everyday Practices

Activity

STEP 1: Introduce Harmony SEL and Everyday Practices

**SAY:** Today we are going to use Harmony quick connection cards to learn more about each other and how to work together with everyone. The word harmony means a group of people working together in an easy and peaceful way. We will be learning about and practicing how to be in harmony using BUDDY UP & MEET UP.

STEP 2: Introduce MEET UP

**SAY:** A part of Harmony is called Meet Up. During this time we will gather to greet each other by saying hello and then learn each other’s names. We will share ideas and solve problems together. During Meet Up we will practice courtesy. Courtesy means being helpful and kind and thinking about others. We will listen to everyone’s ideas, including ideas we agree with and ideas we disagree with.

Meet Up

<table>
<thead>
<tr>
<th>Introduce the GREETING step</th>
<th><strong>SAY:</strong> When we gather for 4-H activities we will greet each other by name. “Greeting” is a word for saying hello. Let’s MEET UP!</th>
</tr>
</thead>
</table>
| STEPS:                     | 1. Gather youth in a circle  
2. Encourage participants to Greet one another by name. “Hello Debra, I’m Maddie.” |
| TIPS:                      | ✓ See “Ways to Welcome” & “25 Ways To Say Hello” for ideas for greetings. You may also add some variety to the greeting by having participants greet each other in a different language, use a special handshake (e.g., high fives, fist bumps), or think of different ways to say hello (e.g., hi, how’s it going, what’s up, good to see you, good morning/afternoon). |
**Meet Up continued**

### Introduce the SHARING AND RESPONDING step

**SAY:** Each time we Meet Up we will have the opportunity to share our feelings, thoughts, and experiences with each other. By sharing and responding, we are getting to know each other, celebrating our commonalities and differences, and showing gratitude. “Gratitude” means being thankful for things we already have. We also get to share and celebrate our achievements, or things we’ve gotten done.

Model sharing by telling something special about yourself that participants may find interesting. If you’d like, use a CONVERSATIONS Quick Connection Card to get started. Ask one or two participants to respond or ask a clarifying question.

**TIPS**

✓ If participants struggle with responses, introduce one or two response options from the “Response Prompts”. Tell participants that during Meet Up, one or two participants will share, and a few others will be able to respond with questions or statements.

### Use a COMMUNITY BUILDER card

**COMMUNITY BUILDER CARDS:** (Great for groups, Meet Up, or as the card describes)

Each succeeding person repeats the directive and acts it out, and it continues down the line.

**COMMUNITY BUILDERS**

**COMMUNITY BUILDERS**

**POPcorn**

Everyone slowly walks around the room. Once everyone has spread out, the chosen announcer calls out a number and an object (e.g., “two, rocking chair!”). Those who are walking must form groups of that number and create that object with their bodies. Switch announcers and repeat.

**COMMUNITY BUILDERS**

**Materials:** index cards with the name of an animal

**WHO’S THE LEADER**

One person is "it" and leaves the room (or closes his eyes and covers ears in the corner). The rest of the group picks a leader, who will begin doing a movement (e.g., Tapping feet, clapping hands). When the leader begins a new movement, everyone must match as well. The person who is "it" rejoins the group and has to guess who the leader is.
